

Making Links

I use what I already know to help me with my new learning.

I can see connections between things.

I use resources and learning skills to help me when I am learning something new.

Questioning

I ask questions to find out new or more information.

I ask questions to help me make learning links.

I ask questions using who, what, when, where, how and why.

Independence

I make decisions about my learning.

I can decide when it is best to learn on my own, in a pairs or in a group.

I use resources to help me learn.
